Safety Information

Read and understand all instructions before assembly.

Warranty

LIMITED ONE YEAR PRODUCT WARRANTY

WHAT IS COVERED

This limited warranty covers the original purchase of this product used for normal commercial,

Personal, or household use. The supplier warrants its products will be free from defects in materials and workmanship (normal wear and tear excepted) for a period of one (1) year from the date of purchase, except as provided below. The supplier, at its option, will replace with a comparable product, free of charge, any product purchased from it that fails under normal use as a result of such defect.

Materials are warranted for one year from date of purchase. Proof of purchase is required in the form of a receipt (copy or original) to validate the warranty.

The supplier provides this limited warranty in lieu of all other warranties either expressed or implied. Expressly excluded are all warranties of fitness for a particular purpose or merchantability. The supplier's sole obligation and the user's exclusive remedy under this warranty shall be limited to the repair, refund or replacement at the supplier's sole discretion and cost, of product or components.

THIS WARRANTY APPLIES ONLY TO THE U.S. AND CANADA.

WHAT IS NOT COVERED

This warranty does not apply to damage caused by fire, accident, negligence, misuse, or use other than as stated in product instructions, improper cleaning or other circumstances not directly attributable to defects in materials and workmanship.

Natural variations occurring in wood or other materials will not be considered defects, and the supplier does not warrant the color-fastness or matching of colors, grains, or textures of such materials. This warranty does not apply to: modifications of the product, attachments to the product not approved, and products that were not installed, used, or maintained in accordance with product instructions and warnings.

- fasten the right cabinet rail (n) and two cabinet members (p) to the right side panel (D), Use nine screws (g) into the exact holes shown in the enlarged diagrams.

Assembly (continued)

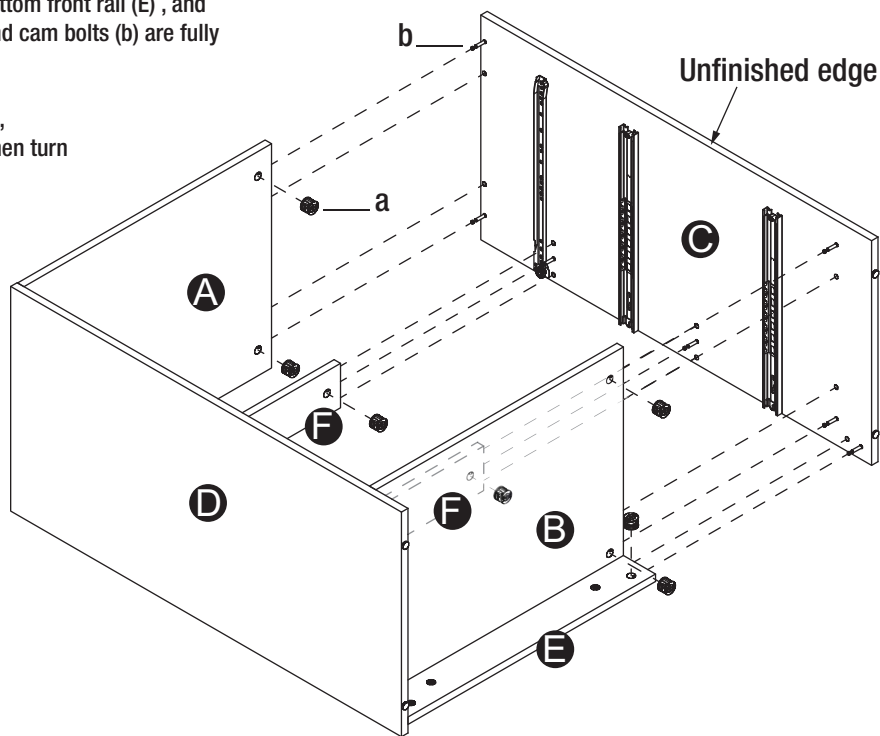

5 Assembling the right side panel

- Connection top (A) , two cross bars (F) , bottom (B) , bottom front rail (E) , and right side panel (D) , ensure that the wood dowels (c) and cam bolts (b) are fully inserted into the appropriate holes.
- Insert seven cam locks (a) into the holes to the top (A) , two cross bars (F) , bottom (B) , bottom front rail (E) , then turn all of the cam lock (a) clockwise until they lock into place over the cam bolts (b).

6 Assembling the left side panel

- Connection top (A) , two cross bars (F) , bottom (B) , bottom front rail (E) , and left side panel (C) , ensure that the wood dowels (c) and cam bolts (b) are fully inserted into the appropriate holes.
- Insert seven cam locks (a) into the holes to the top (A) , two cross bars (F) , bottom (B) , bottom front rail (E) , then turn all of the cam lock (a) clockwise until they lock into place over the cam bolts (b).

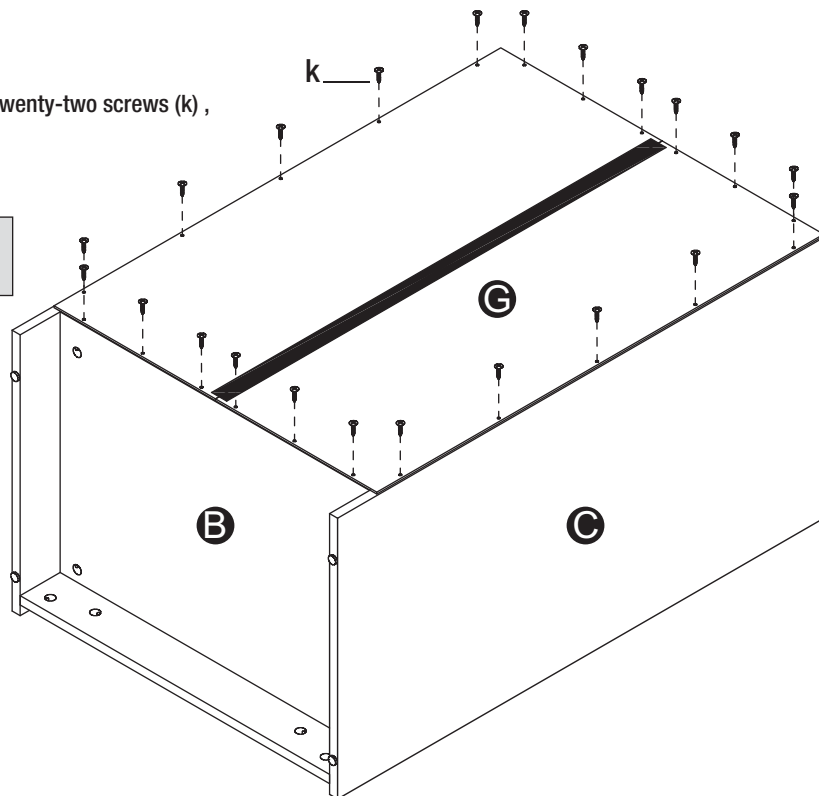

Assembly (continued)

7 Assembling the back panel

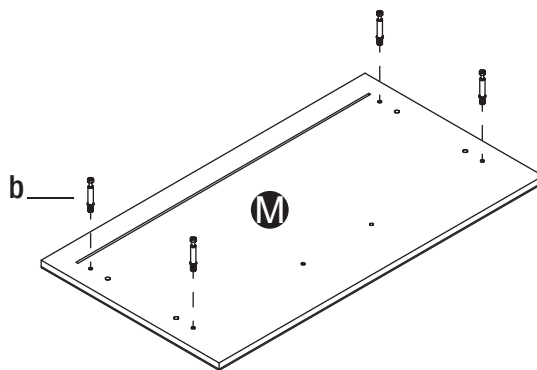

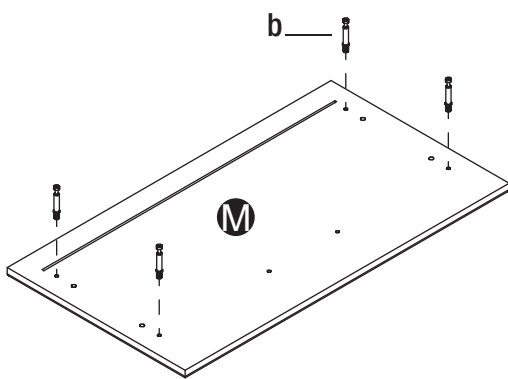

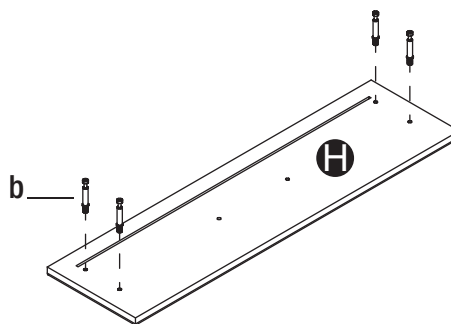

- Fasten the back panels (G) to the assembled unit using twenty-two screws (k), Do not over tighten the screws.

Before attaching the back panel be sure that the unit is at 90°

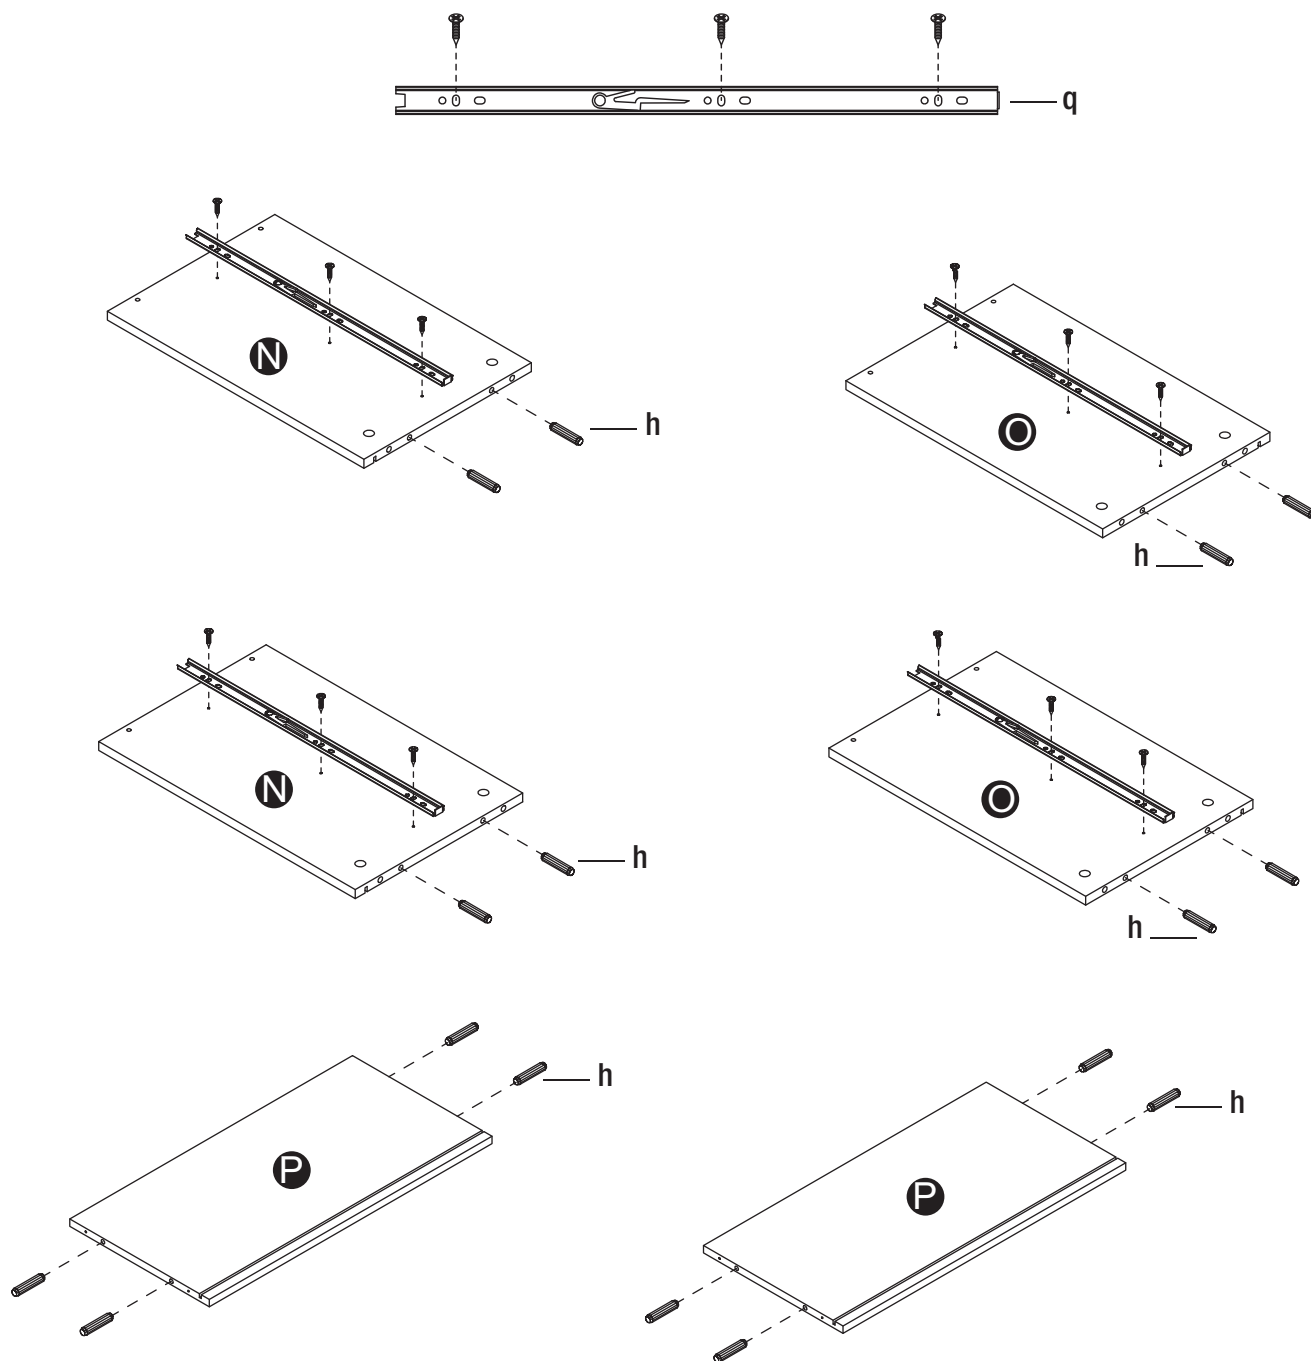

8 Assembling the drawer front

- Turn four cam bolt (b) into the holes in the small drawer front (H).
- Turn eight cam bolt (b) into the holes in the two large drawer fronts (M).

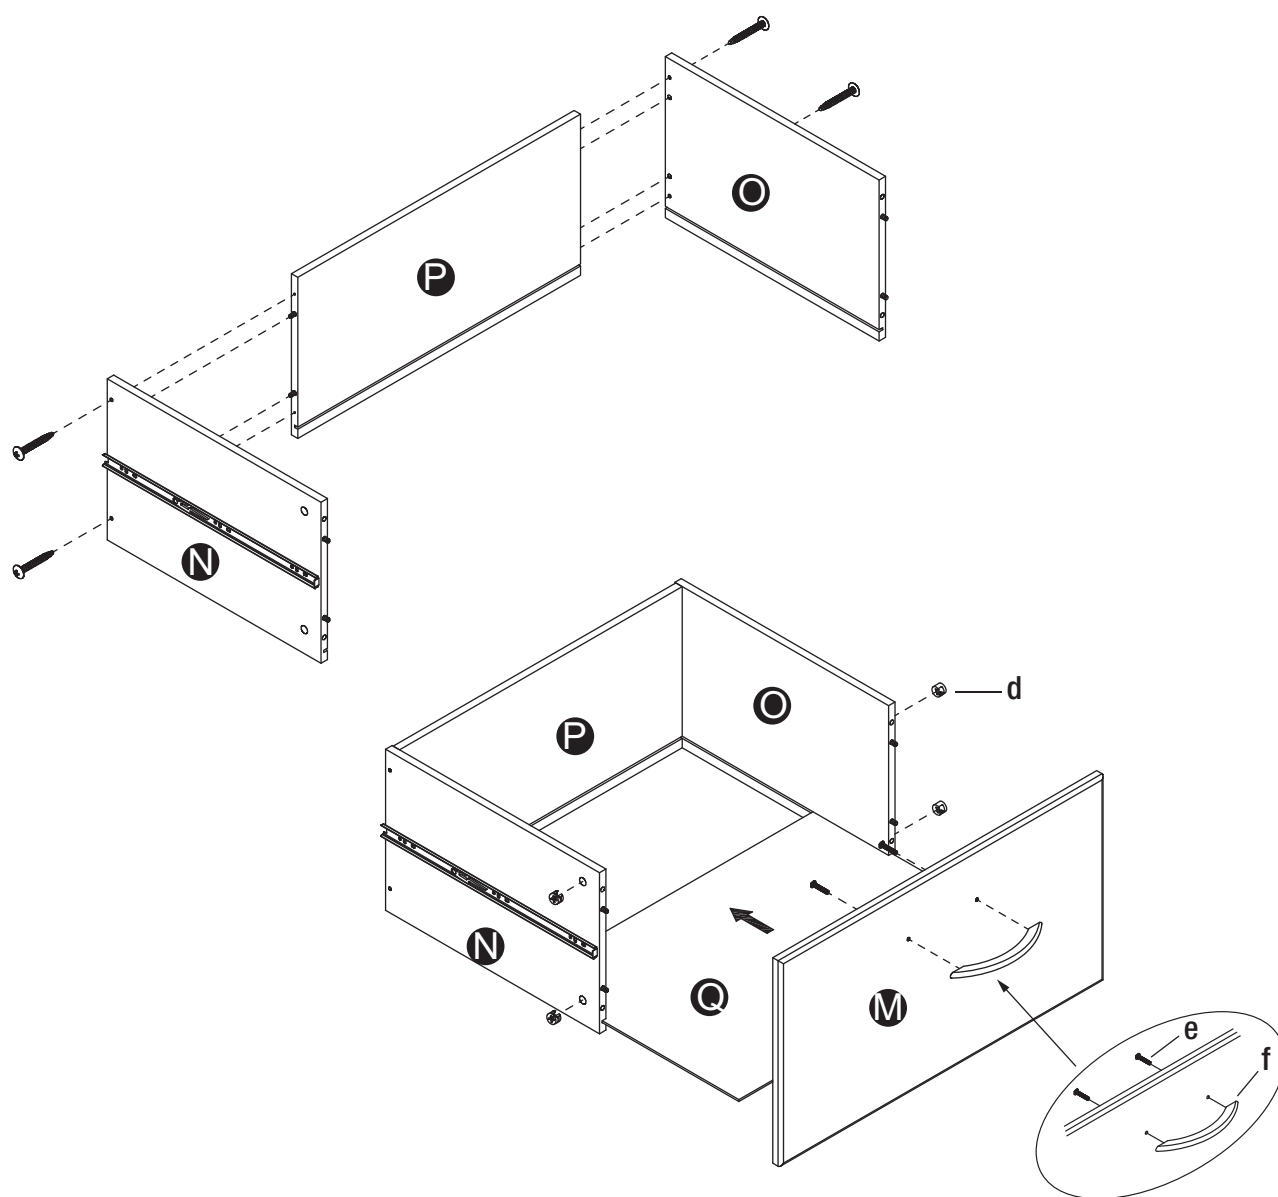

9 Assembling the drawer member

- insert sixteen small wood dowels (h) into the two large drawer sides (N and O) and two large drawer backs (p).
- Fasten the four drawers member (q) to the large drawer sides (N and O) , use twelve screws (i) into the exact holes shown in the enlarged diagram.

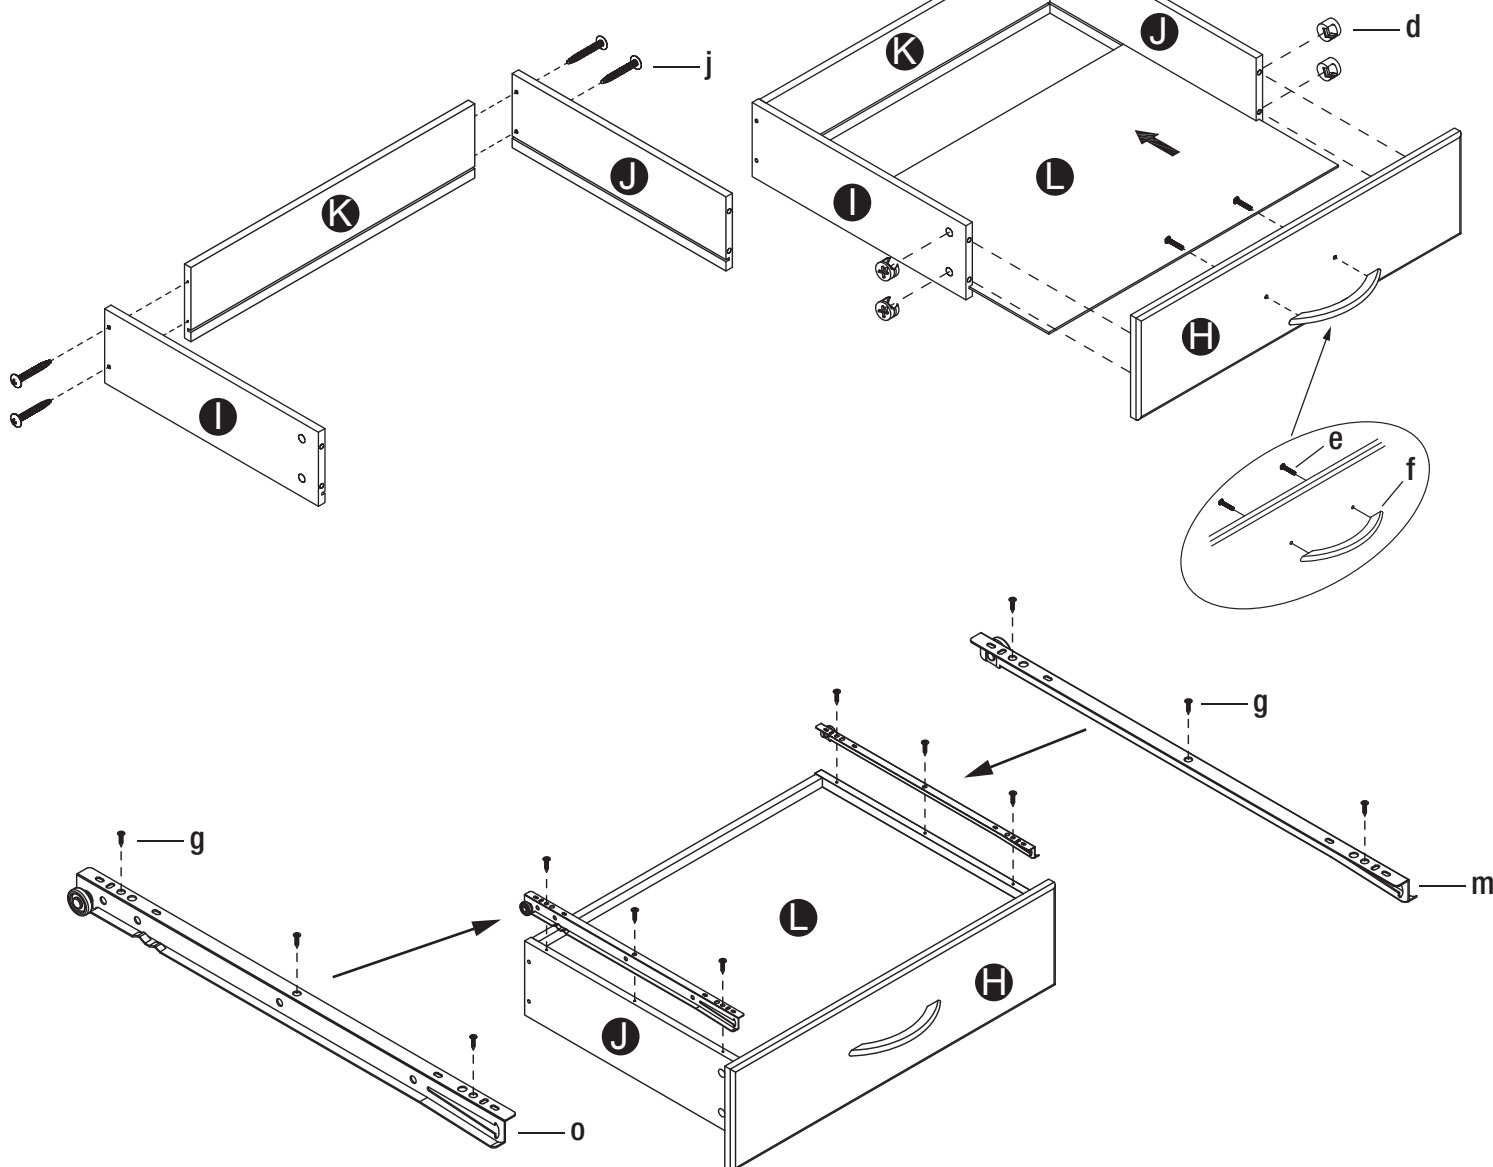

10 Assembling the large drawer

- Fasten the large drawer sides (N and O) to the large drawer back (P) , Use four 35mm screws (j) , be sure the small wood dowels in the large drawer back inserts into the holes in the large drawer sides.
- Slide the large drawer bottom (Q) into the grooves in the large drawer sides (N and O) and large drawer back (P).
- Insert four small cam locks (d) into the large drawer sides (N and O) , be sure the wood dowels in the large drawer sides insert into the holes in the large drawer front , fasten the large drawer front (M) to the large drawer sides (N and O) , tighten four small cam lock.
- Fasten a knob (f) to the large drawer front (M) , use two bolts (e).
- The same assembling step for the other large drawer.

11 Assembling the small drawer

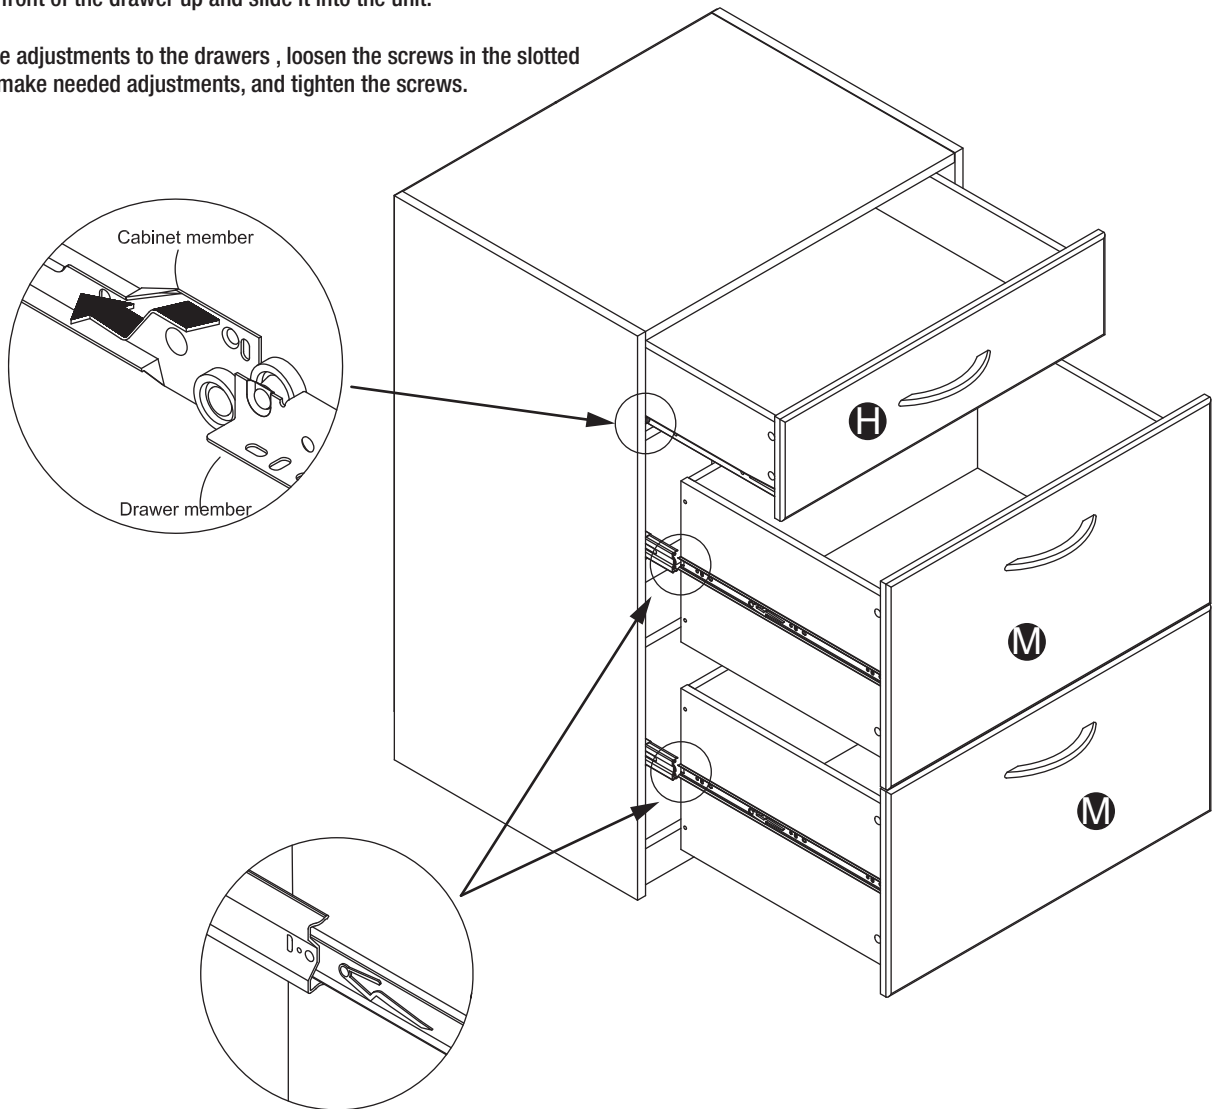

- Fasten the small drawer sides (I and J) to the small drawer back (K) , Use four 35mm screws (j).
- Slide the small drawer bottom (L) into the grooves in the small drawer sides (I and J) and small drawer back (K).
- Insert four small cam locks (d) into the small drawer sides (I and J) , fasten the small drawer front (H) to the small drawer sides (I and J) , tighten four small cam lock.
- Fasten a knob (f) to the small drawer front (H) , use two bolts (e).
- Fasten the left drawer slide (m) and right drawer slides (o) to the small drawer side panel (I and J) , use six screws (g) through the exact holes shown in the enlarged diagram.

Assembly (continued)

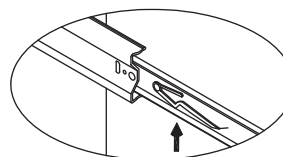

12 Put the drawer into the cabinet

- To insert the large drawer into your unit, line up the extension slides on the drawer with the extension rails on the unit and push the drawer into the unit until the drawer is fully inserted. the drawer will push in hard until it is all the way in, then it will slide in and out easier , repeat this step for the other large drawer.
- To insert the remaining drawer into your unit , tip the front of the drawer down and drop the rollers on the drawer behind the rollers on the unit , lift the front of the drawer up and slide it into the unit.
- To make adjustments to the drawers , loosen the screws in the slotted holes, make needed adjustments, and tighten the screws.

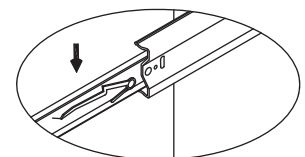

NOTE : If needed to remove drawer, pull the drawer fully open so levers are visible , push up on left side lever and down on right side lever , holding levers in place, pull drawer toward you.

Left Side

Right Side

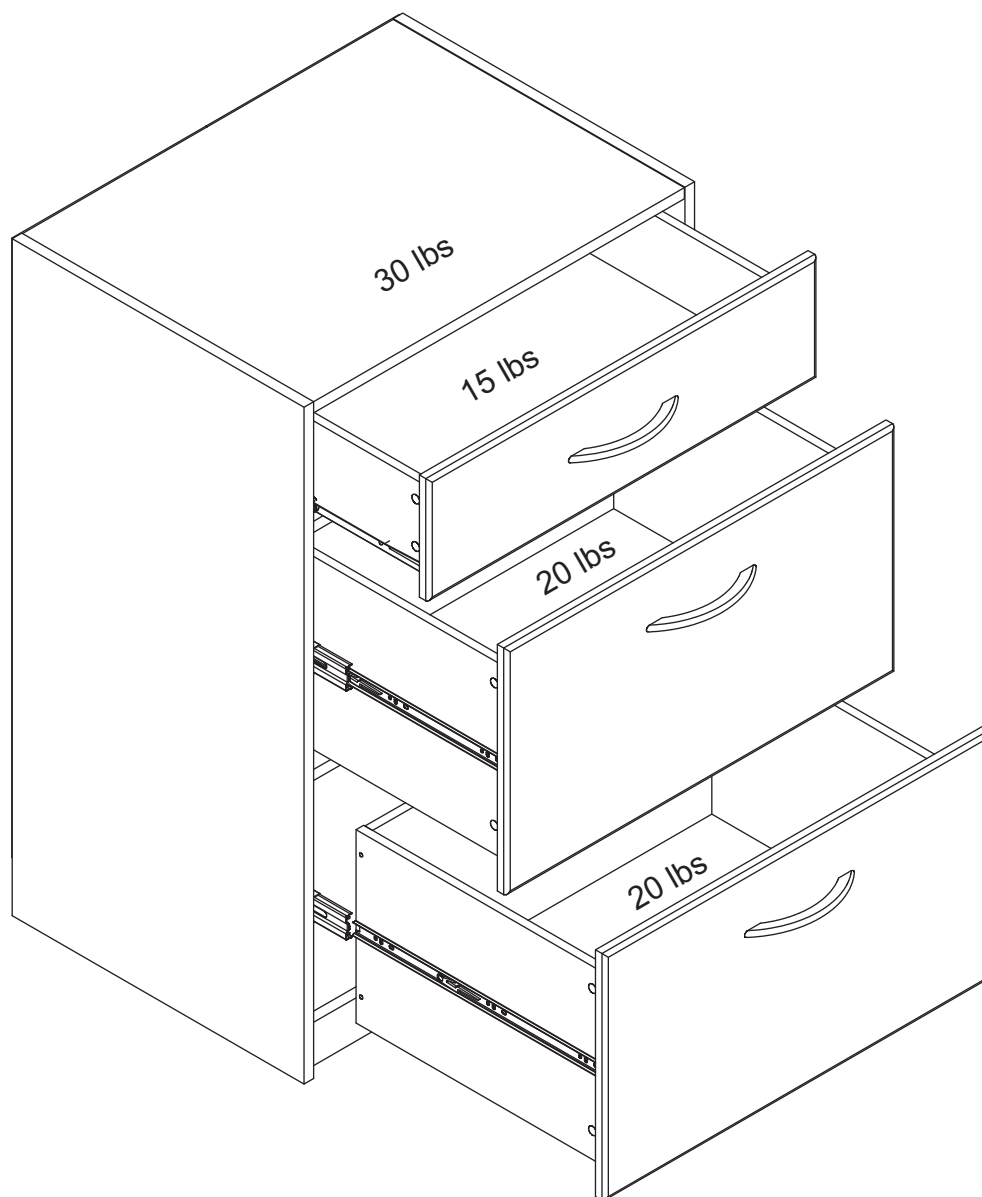

Assembly (continued)

WEIGHT LIMITS

- This unit has been designed to support the maximum loads shown. Exceeding these load limits could cause sagging, instability, product collapse, and/or serious injury.

WARNING: Please ensure that all the objects are removed before moving the assembled unit. The unit must be lifted by more than one person, not dragged or pushed. Failure to do so will cause product damage, instability, product collapse, and/or serious injury.
